2nd October 2020

Dear Parents,

In response to the situation we find ourselves in, managing the Covid-19 pandemic, as a school, we have looked at our provision for remote learning.

We really appreciated your support for and engagement with our learning plans during the last lockdown. Moving forward we want to ensure that you are supported if the need arises again to educate your children from home.

Please see the attached 'remote learning plan'. It is the plan we will use if or when individual bubbles need to close or if the school needs to close. It will also be used if children need to isolate because family members may be displaying symptoms.

I hope you find it useful.

Best wishes,

Gail Gynn

Head teacher
