

School Governor Opportunity

Could you volunteer as a school governor?

We're looking for people interested in the strategic element of education to join the team and contribute to our schools' success as a governor.

This is a varied and interesting role where you can bring your professional knowledge, analytical mind, diplomacy and problem-solving skills to the board (known as a Local Academy Committee).

You'll have the opportunity to train and learn new skills in governance. It's a great way to develop your professional responsibilities and is highly valued by many employers

What does a governor Do?

All Governors contribute to strategic discussions about the School's vision and ethos, priorities, targets, pupil performance and community engagement. You will decide matters based on the information and discussions presented and according to your own principles and understanding.

Governors also hold Senior Leaders to account through rigorous monitoring, support and challenge.

Who can apply?

Anyone over the age of 18.

You will need to commit to attending approximately six meetings a year, usually in the evenings. You should also be prepared to do some research and reading in preparation for those meetings, and be prepared to engage with school monitoring visits.

I've got some questions: who should I speak to?

You can email either Carole Kirby, Governance Lead, on carole.kirby@inmat.org.uk or Maria Page, Clerk to Governors, on maria.page@inmat.org.uk they will be happy to answer any queries and send you further info'. You can also call Carole Kirby on [07493 017872](tel:07493017872) or Maria Page on [07729 045126](tel:07729045126) and leave a message for someone to contact you.

We look forward to hearing from you ☺
